UM STUDENT FROM BELLEVUE GETS JOB EXPERIENCE AS INTERN

MISSOULA, Mont. --

Nikki Tannheimer of **Bellevue, Wash.**, is getting some practical work experience this semester through an internship administered by The University of Montana-Missoula's Center for Work-based Learning.

A sophomore in art, Tannheimer is interning with the Garden City Harvest Project, an organic gardening project in Missoula that educates students about organic farming while producing thousands of pounds of produce for the Missoula Food Bank and needy members of the community.

Tannheimer graduated from Eastside Catholic High School in 1997. Her parents are Jan and Greg Tannheimer.

The Center for Work-based Learning at UM's Center for Continuing Education and Summer Programs develops and coordinates internships to help students integrate their academic education with practical job experience. It serves about 1,800 students a year, placing 400 to 500 of them as interns throughout Montana and the nation in more than 35 fields of employment.

Information about the work-based learning program is available at (406) 243-4614 or on the Web at http://www.umt.edu/coop_intern.
